## PROJECTS

### CortexAI

#### AI-Generated Question Papers

📅 Sep 2025 📍 kavyansh.tech/s/p-cortexai

- Designed a tool to generate test papers for CBSE board students.
- Tech stack:** Python, Django, Celery, TailwindCSS

### busy-whatsapp-invoice-sendbot

#### Digital invoice sender

📅 Sep 2025 📍 kavyansh.tech/s/p-bwis

- Implemented a solution to send invoices from BUSY straight to your WhatsApp inbox.
- Tech stack:** Python, FastAPI, Helium, Selenium

### PartyTools

#### Party organising made easier

📅 May 2025 📍 kavyansh.tech/s/p-partytools

- Implemented a Tambola Ticket Generator: Generates tambola ticket based on user-uploaded templates
- Tech stack:** Python, Tkinter, Pillow
- Also converted into a web app
- Tech stack (for the web app):** Python, Django, Celery, Pillow

## CONTRIBUTIONS

### PyAutoGUI

#### Support for Wayland #936

📅 Sep 2025 📍 asweigart/pyautogui/pull/936

- Implemented support for Wayland in PyAutoGUI.
- I was unable to use PyAutoGUI when I switched to Wayland, I was looking at how I could use it, but could not find any fix.

### Formation

#### Lambda-like support for callbacks #33

📅 May 2024 📍 ObaraEmmanuel/Formation/pull/33

- Implemented lambda-like support when using callbacks in FormationStudio.
- I had recently heard about Formation Studio, tried it, and realised that it didn't support rich callbacks with arguments.
